David,

Molly has been working with OFA on our NEPA comment letter on ASAP. Megan Barnhart has conveyed some suggestions and ideas to date, and is also waiting until sometime next week to get back to us on most of her comments. OFA and OWOW are coordinating any revisions to our draft NEPA letter and the draft 404 (a) letter to make sure that everything lines up. We know that the 404 briefing for Lee is now on the 28<sup>th</sup> and the letters are both due to the Corps on the 29<sup>th</sup>, so we expect to be working on this up to the deadline.

Molly is available to continue working on this next week while I'm out of the office – Elaine is serving as the acting ERSMU UM from 8/14-8/16 until I arrive. I'm in the office the afternoon of the 16<sup>th</sup>. Theo is acting on 8/17 and Erik is acting on 8/18. Elaine is acting 8/21-8/22.

I expect to pick back up again with Molly on our ASAP letter when I return on the 23rd.

Thanks!

Jill
